President's Message

Dear Photo Friends,

Our members continue to excel in national and International salons by getting awards and acceptances.

We celebrated 186th World Photography Day 2025. Ujjwal Tah, Director General, DGMS was honorable Chief Guest. Akhil Hardia from Indore & Mukul Yadav from Jabalpur were our Guest of Honor and Mentors as well.

We conducted Photo walk on 19th & 20th August with Models: Sunanda & Urvi Sharma.

We conducted DCC National Photo contest with 1180 entries and 140 entrants.

We introduced Mobilography photo contest for DGMS Officers.

We are starting a new chapter "Members Portfolio " from this month. Chinta Haran Ghosh has presented wonderful images on WATER BIRDS EATING HABITS.

Happy clicking!!!

Mukesh Srivastava, FIE, EFIAP, FFIP

WATER BIRDS EATING HABITS

My images reflect the eating behavior of different water birds. Birds having comparatively large Beak love to eat bigger prey than birds having small beak. Birds having larger beak loves to eat Snakes and Frogs. Sometimes they eat fish also. Where as small beak birds mostly eat small to medium size fish. Not only that the size of the prey also depends on the size of the bird. I am trying to feature eating habits of different water birds.
